AS OF SEPTEMBER 2018

"Why travel far, when the healing, pure and warm water is right at your doorstep."

"Here, you can dream of more romanticism, a greater sense of security, more variety, more creativity."

Friedensreich Hundertwasser

WELCOME

Your

"You are called Hundertwasser and I have water with 100 degrees."
These words marked the beginning of a wonderful story.

"We have created more space for people, and at the same time more space for nature, all within an organic, cultural harmony. Everything horizontal in the open air is part of free nature. Here it comes to life."

*Friedensreich Hundertwasser
May 1997*

REGIONAL · SUSTAINABLE · HONEST

As a holder of the Austrian Ecolabel, the Rogner Bad Blumau is a pioneer in environmental protection and the sustainable use of resources. 100% regional with no bells and whistles.

Fruit and vegetables from a local farmer. Organic bread baked by our in house baking station from sourdough delivered daily by the local baker. The fish we use swim in the lake in the neighbouring village. Organic meat of the highest quality from a mountainside farm. Herbs, blossoms and some of our vegetables come from our in house organic smallholding. Surprisingly versatile.

THE MEADOW HILLS

A lively spot that combines landscape and architecture. There are no corners, edges or straight lines. Instead, there is the courage to create organic forms, colours, joy, and include the human dimension – a truly liveable work of art.

At the heart of it all is the water, with 14 different inside and outside pools and two hot springs. The most predominant of these is the Vulkania® thermal spring. A mineral-rich inland lake at a depth of around 3,000 metres with natural salt content.

From the North Sea to the South Seas. Everyone will find a water temperature to suit them here. The Olympic sports pool with digital timing equipment is the ideal size and temperature for swim training. Relax after a session in the sauna in the shade of the natural cave in the sauna garden.

And there is much to explore · Colourful columns · "Dancing windows" · Flowing colonnades · Golden cupolas · Roofs to walk on top · Resting galleries · Canopies · Room of silence · "HimmelReich" · Sauna landscape · "Health and beauty" in the spa · A celtic tree circle · Hidden oasis to rest · Sweets and treats box

"LEBENSWERKSTATT Robert Rogner" · Rogner Arche Noah rare trees garden · Space for ideas · Meetings · Seminars · Conferences · Private celebrations · Hotel stay · Spa visit · Guided tour

9 different restaurants and bars · Regional and organic cuisine · Wide variety, from buffet style through to à la carte · Wine bar · Fireside lounge · "Speis" (larder) shop · Breakfast for late risers · And much more ...
