LIKE BATHING IN THE SEA

The Vulkania® primeval sea is as unique as its location. The natural salt content of the Vulkania® healing spring leaves you literally floating. It bubbles up from a depth of over 3,000m and has a salt content of 17.6 g per litre. Water temperatures ranging from the North Sea to the South Seas ensure wonderful bathing all year round, regardless of what the weather has in store. And there's no need to do without the waves you love here, either.

PROVEN QUALITY

Quality is our most precious asset. Many awards and good reviews. This is the challenge we set ourselves. Completely in line with our values. Honest, conscious and joyful. Guaranteed relaxation on your holiday. Now even more colourful. More cheerful. More versatile.
